

New Feature for Spending Accounts

MMA MarketLink has introduced a new feature to enable your employees to have a more convenient and streamlined experience managing their spending and savings accounts.

This new feature allows users to instantly see the current balances for each of their Spending Accounts and Healthcare Savings Account right from their MarketLink account homepage. The balances reflect real-time information, including claims recently submitted to the Spending Account portal.

To activate this free feature for your employees' accounts, please contact your MMA MarketLink Client Service Manager.

The screenshot shows the MMA MarketLink account homepage. The 'My Spending Accounts' section is highlighted with a red box. It contains three cards: 'Spending Accounts', 'Dependent Care Spending Account', and 'Health Care Spending Account'. Below these is a 'Quick Links' section and a 'Health Savings Account' card. A callout bubble points to the 'Health Savings Account' card, indicating that it displays Cash, Investment, and Total Balances.

Account Type	Available Balance	Plan Year
Spending Accounts	-	-
Dependent Care Spending Account	\$1,730.70	01/01/2019
Health Care Spending Account	\$750.00	01/01/2019

Health Savings Account
\$2,900.00 Cash Balance
\$1,500.00 Investment Balance
\$4,400.00 Total Balance

HSA Balances
(Cash, Investment and Total Balances)
